

BOWLERS ARE
GETTING AWAY.

(All the Leagues Arranging for the Big Annual Tournaments On Local Alleys.)

The bowling leagues will get down to business right after the holidays and make arrangements for the big annual tournaments for the championships. Already several have been booked and others will be announced in a short time.

The tournament of the Riverdale League will be rolled on its alleys, at One Hundred and Twenty-fifth street and Seventh avenue, commencing Jan. 12. The tournament will be limited to twenty-one teams. At a meeting of the delegates of all the teams in the league the following officers for the tournament were chosen:

E. L. Thompson, President; F. A. Geller, Vice-President; J. L. Thompson, Secretary; A. H. Stevens, Treasurer; Executive, D. Shiman, of the Washington B. C.; H. Bellmer, of the Rosedale B. C.; F. Lankensau, Orchard B. C.; C. Dumas, of the Spartans.

There were twenty-eight entries received for the tournament, and the last eight to get in will have to bowl together to see who will be allowed to compete.

Following this tournament will come the one of the Morningside League, which will commence Feb. 16 at One Hundred and Fifteenth street and Eighth avenue. The first meeting of the clubs will be called about the middle of January. Like the first tournament, the number of teams will be limited to twenty-one, and there will be several clubs that will have to bowl off to get in.

Next Wednesday there will be a match rolled on the Yorkville alleys between H. Lohr and F. Schlotzmann and Dick Lohr and F. Ernst. The games will be called at 3 P. M. and will be the best four in seven. The players have put up \$50 each for the match and the event is attracting a great deal of attention.

THE "RED BALL"
ISN'T UP TO-DAY.

So New York Skaters Will Have to Spend Christmas on Indoor Rinks.

Skaters who wish to indulge in their pastime will have to keep on indoor rinks today, as there is not a lake or pond frozen over sufficiently to permit of their use. None of the lakes in the public park system will be open. Van Cortlandt Lake, the biggest body of water available to New Yorkers, is frozen, but the ice is not thick enough to permit of any one going over it. One of the Park Superintendents says that, with continued cold weather, the lake would probably be opened by Monday. The new lake in the Bronx Park district, near the zoological gardens, is all ready for skaters, but the ice is too thick enough. This lake has a skating surface of about five acres and occupies the larger part of a useless marsh. Commissioner Eustis, of the Bronx Borough park system, had this marsh cleared, and the lake is flooded with water drawn from the Bronx River, near the falls, below the old Lorillard mansion.

LIVE NEWS OF THE CYCLISTS

Jimmy Michael is now at Hot Springs. Hermann Reimer, the German motor man, is with him. The pair will remain at the springs until late in February. Michaels returns to Europe March 1.

Harry Elkes is visiting his father and former manager at Saratoga. Elkes will sail for Europe March 1 to fulfill his contract for three races at the Buffalo Velodrome track, Paris, in May. He will then return to Europe to take up the pace circuit.

The most formidable array of American cycling talent to leave America will be in the party sailing March 1. Reid, Elkes, Michael, Nelson, Klemke and Hedges will sail at the same time for France.

Joe Nelson skates thirty to fifty miles daily in preparation for his European trip. Nelson finds skating excellent preparatory exercise. He was eighteen years old last Tuesday.

Fred Voigt, the Valais promoter, is in the far West. Mr. Voigt is interested in a land deal and it is rumored that he will decide to remain there.

With the inauguration of the paced cycle circuit many of the promoters who were hitherto getting drawing attractions last season took heart. Baltimore, which had decided to drop out of cycling, will now have a track near the city center, the present track being nearly five miles away.

At a close estimate the grand prize for the paced cycle circuit will amount to very close to \$5,000, which will be divided at the close of the season among the five leaders in the championship race. The total purse of this circuit, it is estimated by an authority, will approximate \$100,000.

As the result of the general introduction of single pace to replace tandem pace next season, one hundred motor men will be thrown out of lucrative positions during the season. These men received formerly from \$75 to \$100 a month.

There will be a change in the management of the New Haven cycle track next season. Fred Voigt and Sol De Vries will be replaced by Edgard Voigt, who was formerly associated in the management of both the Valais and New Haven tracks with his brother. Fred Voigt will probably be at Valaisburg.

Lorrell will add a Coliseum cycle track to the circuit next season. Trenton is also an addition mentioned to the circuit.

Ray Dawson, the former amateur cycling champion, team mate in Columbia College of Irving Powell, once the amateur champion, is now a successful lawyer, practicing in Jersey city.

The European idea of a guiding fender back of the rear wheel of a posing machine to prevent the posee from falling in the water has been adopted in this country generally the coming year. Michael and Elkes brought the innovation to America.

Tommie Hall, whose success in America was not very marked last season, made a big hit in France, where he won the straight race. Hall was under the management of J. C. Kennedy last season, and was released before the close of the year.

Basil De Guischaen, the young French pace-follower, will remain in America. De Guischaen is now employed in Providence with his father.

Will Craigie, a well-known handler of cycle races, men quartered at the Valaisburg track, in Newark, died suddenly this month of typhoid fever.

Word has been received from abroad to the effect that Harry Vardon has severed his connection with the Scarborough Golf Club at Ganton. Vardon has been the professional at this club ever since he became a professional.

THIS NOT AS EASY AS IT LOOKS.

Few Skaters Nerve Enough to Attempt High Jumping on the Steel-Runners.

Quinn Clears Bar at 4 Feet 8 Inches and Hopes to Do 5 Feet Soon.

Skating is a popular sport and it requires no special amount of skill, but how many skaters could jump four feet high over a bar on the ice? The picture shows William E. Quinn clearing the bar at four feet eight inches and doing it with so little effort that it is not at all improbable that he will clear five feet before the season is over.

Quinn is as at home on skates as the average man is on his feet and can jump backward or forward over a bar without falling all over himself when he lands. Fancy skating, too, he is an expert at and has won many medals for doing difficult tricks.

The skater will attempt to break all the world's records for high and long-distance jumping this year, and is now getting himself in good shape to try for the new figures. He will meet all comers in any sort of competition.

HANDICAPS ALL READY
FOR IRISH ATHLETIC GAMES

Duffey Will Be on the Back Mark in the Sixty-Yard Event.

The entries for the games at the Garden next Saturday night under the auspices of the Greater New York Irish A. A. have already been sent to the handicapper, and a list of the scratch and honor men follows:

Arthur F. Duffey, of Georgetown University, holder of the world's record of 6.2 seconds for sixty yards, is on scratch in this event. Frank Rickert, N. Y. A. C., with four, and Fried, with six feet, are the back markers. The limit man is Sullivan, G. Y. L. A. A., who has seventeen feet. Ashler, of the Pastimes, with eighteen yards, has the post of honor in the 300-yard handicap; Setz, of Georgetown, is on the twenty-yard handicap; Brennan, Xavier A. A., and National A. C., and Block, N. Y. S. A. C., have each twenty-two yards, while Mike O'Connell, N. Y. A. C., and Donavan, N. Y. A. C., have each twenty-four yards. Christopher, of Georgetown A. C., is the back marker in the 440 with eighteen yards; Sayles, Twenty-second Regiment

A. A., has twenty-two yards, and White, Forty-second Regiment, has twenty-four yards. The back markers are Riley, X. A. A., with forty-five; Soutar, with fifty; Wood, Syracuse, N. Y. A. C., and Monahan, Brooklyn Central Y. M. C. A., with seventy-five yards. Eleven men have the limit of one hundred yards in this event. S. S. Jones, N. Y. A. C., champion of England, is on scratch in the high jump. He allows Price, George A. C., four; Cotter, Star A. C., four; and Peter, N. Y. A. C., and Donavan, N. Y. A. C., six inches. Donovan, N. Y. A. C., has a ten-inch handicap.

Christopher, of Georgetown A. C., is the back marker in the 440 with eighteen yards; Sayles, Twenty-second Regiment A. A., has twenty-two yards, and White, Forty-second Regiment, has twenty-four yards. The back markers are Riley, X. A. A., with forty-five; Soutar, with fifty; Wood, Syracuse, N. Y. A. C., and Monahan, Brooklyn Central Y. M. C. A., with seventy-five yards. Eleven men have the limit of one hundred yards in this event. S. S. Jones, N. Y. A. C., champion of England, is on scratch in the high jump. He allows Price, George A. C., four; Cotter, Star A. C., four; and Peter, N. Y. A. C., and Donavan, N. Y. A. C., six inches. Donovan, N. Y. A. C., has a ten-inch handicap.

NATIONAL A. C. TO ELECT
OFFICERS TO-MORROW.

Only One Ticket in Field—Brooklyn Organization's Progress.

When the members of the National Athletic Club assemble to-morrow evening for their annual meeting at their club-house, 11-13 Cedar street, Brooklyn, they will hear a flattering report of the progress of the organization during the past year. During the last twelve months the club membership has been increased by over two hundred.

Pollowing is the regular ticket, which will very probably be elected without opposition:

President, Dr. Charles J. Pfing; Vice-President, Arthur H. Jagers; Secretary, L. Brody, Jr.; Treasurer, F. L. McKeever; Captain, A. L. McKeever; First Lieutenant, E. Tammann; Athletic Committee, Charles Reuss, chairman; O. T. Rockefeller, W. Kinchell, H. Haukan, and R. C. Weda; Board of Governors, Andrew Staats, A. Bauer, Fred James McKeever, one-year terms, D. McKay, C. K. Upright, Jr.; J. Fitzgerald, J. Dempsey, F. Grundy and Peter Wend.

O'BRIEN IS A 2-TO-1
FAVORITE OVER WEINIG.

Middle-Weights Will Battle for Twenty Rounds on New Year's Day.

BUFFALO, Dec. 25.—Philadelphia Jack O'Brien and Al Weinig will box twenty rounds before the International Athletic Club at Fort Erie on New Year's afternoon for a wage of \$1,000 and 50 per cent. of the gross receipts, winner to take all. Both men have been in strict training for the last two weeks, and followers of the game in this city look forward to the match as a treat.

Regardless of the fact that O'Brien will be regarded as a two-to-one favorite, Weinig is confident of being capable of landing the money, and the odds are being taken by him and his admirers. The main preliminary will be a twelve-round contest between Warren Zurbick, the undefeated city boxer, and Al Weinig, the Silver Star Club's champion. The bout promises to be one of the fastest preliminaries ever seen in this part of the country.

TOKELL WILL TRY
FOR CHAMPIONSHIP.

English Boxer Will Meet Harry Forbes in San Francisco.

Harry Forbes, the bantam-weight champion of the world, and Andy Tokell, the English boxer, are practically matched to meet in a twenty-round bout before the Yosemite A. C., of San Francisco, some time in February. Prof. Jimmy Kelly, manager of Tokell, has accepted the offer made by the club and is only waiting for his expenses here.

Kelly has posted a forfeit of \$500 to Tokell. The boys will battle at 115 pounds.

Sunday World Wants Work. Monday Morning Wonders.

Richard J. Sheridan, the hammer-thrower of the Pastime A. C., will not likely be allowed the record made by him in throwing the 56-pound hammer several months ago. M. J. Flynn, of the Star A. C., disputes Sheridan's claim to the record by openly accusing the latter of using a hammer in that competition which weighed only 55 pounds and 144 ounces instead of 56 pounds, the regulation weight. Flynn has secured the hammer Sheridan used and has sent it to James E. Sullivan, Chairman of the A. A. U. Record Committee, with a letter informing Sullivan of the shortage of weight of the missile.

Flynn also claims that the handle is too long. The handle is peculiarly constructed. It is triangular in shape, and when in use at no point does it come within the regulation length of sixteen inches.

In shifting the handle about three different lengths are obtained, namely, 16 1/2, 17 1/2 and 18 1/2 inches, all exceeding the limit in the required length. It is said that this is the same weight which has been used in other record performances this year. An investigation will be made, and, if true, all the other weight-throwers will be in a tight place, for the weight will not be allowed by the A. A. U.

ATHLETIC AFFAIRS
TO BE DISCUSSED.

The association of College Gymnastic Directors will begin its sixth annual meeting at the New York A. C. club-house on Tuesday, and while in session many important questions relating to college gymnastics will be taken up.

The society has been holding annual meetings for the last five years, and always draws delegates from far distant colleges, who come here to map out plans for their work during the ensuing year of collegiate activity. The directors exchange views on gymnastic problems and tell of their experiences and deductions in various lines of athletic work. Important inventions and achievements are here usually first disclosed, and in consequence the sessions are invariably held behind closed doors.

NOTES OF THE LINKS.

Fred Fitzhugh, of the Innis Arden Golf Club, has been retained, and he is now likely to remain there throughout the winter.

Indoor golf will gradually become more popular. The discs come about four feet in diameter, while the hole is small and out of perspective, while a regular golf ball is used. It furnishes good sport, however, and the average person finds it about as difficult to learn as when putting on a natural green.

SARONY SKATED
MILE IN 2:57.1-5.

Fast Time Made on Clermont Avenue Rink in Brooklyn.

A. Y. Sarony, the crack amateur skater of the New York Athletic Club, skated a wonderful mile last night at the Clermont Avenue Rink in Brooklyn. He covered the distance in 2:57.1-5.

Sarony used the pace of his team, Mr. and Mrs. John Gerken, Baron and Baroness Paul Veltlinghoff, Mrs. Edward Keys, Mr. Carl Stoerzer, Miss Haydock and Mr. Casper Weyer.

Buffalo, Dec. 25.—Philadelphia Jack O'Brien and Al Weinig will box twenty rounds before the International Athletic Club at Fort Erie on New Year's afternoon for a wage of \$1,000 and 50 per cent. of the gross receipts, winner to take all. Both men have been in strict training for the last two weeks, and followers of the game in this city look forward to the match as a treat.

Regardless of the fact that O'Brien will be regarded as a two-to-one favorite, Weinig is confident of being capable of landing the money, and the odds are being taken by him and his admirers. The main preliminary will be a twelve-round contest between Warren Zurbick, the undefeated city boxer, and Al Weinig, the Silver Star Club's champion. The bout promises to be one of the fastest preliminaries ever seen in this part of the country.

Tokell will try for championship. English boxer will meet Harry Forbes in San Francisco.

Harry Forbes, the bantam-weight champion of the world, and Andy Tokell, the English boxer, are practically matched to meet in a twenty-round bout before the Yosemite A. C., of San Francisco, some time in February.

Prof. Jimmy Kelly, manager of Tokell, has accepted the offer made by the club and is only waiting for his expenses here.

Kelly has posted a forfeit of \$500 to Tokell. The boys will battle at 115 pounds.

Sunday World Wants Work. Monday Morning Wonders.

Richard J. Sheridan, the hammer-thrower of the Pastime A. C., will not likely be allowed the record made by him in throwing the 56-pound hammer several months ago.

M. J. Flynn, of the Star A. C., disputes Sheridan's claim to the record by openly accusing the latter of using a hammer in that competition which weighed only 55 pounds and 144 ounces instead of 56 pounds, the regulation weight.

Flynn has secured the hammer Sheridan used and has sent it to James E. Sullivan, Chairman of the A. A. U. Record Committee, with a letter informing Sullivan of the shortage of weight of the missile.

Flynn also claims that the handle is too long. The handle is peculiarly constructed. It is triangular in shape, and when in use at no point does it come within the regulation length of sixteen inches.

In shifting the handle about three different lengths are obtained, namely, 16 1/2, 17 1/2 and 18 1/2 inches, all exceeding the limit in the required length.

It is said that this is the same weight which has been used in other record performances this year. An investigation will be made, and, if true, all the other weight-throwers will be in a tight place, for the weight will not be allowed by the A. A. U.

The success of Jack Monroe, the Butte miner, in a bout with Jim Jeffries, known since the history of Tom Sharkey, who first learned to put up his hands when a sailor, has induced a young "jackie" in Uncle Sam's employ to seek a living as a fighter. The youngster is Robert H. Calhoun, whose home is in Philadelphia. He is a feather-weight, and to-day believes that it will not be long before he is titled the champion of his class. He quits the service on Jan. 1.

In his class in the navy he is the champion. He has engaged in many bouts with other "jackies," and never knew what it was to be beaten. Calhoun is only twenty years old, stands 5 feet 6 inches in his stockings, and, strange to relate, is a sailor who neither smokes, chews or drinks. He has unbounded faith in his ability as a fighter, and so has once crossed the ball-player, who will manage him.

FLYNN "THROWS
THE HAMMER FAR."

Asserts 56-Pound Throw Made by Sheridan Was Done with Light Weight.

Richard J. Sheridan, the hammer-thrower of the Pastime A. C., will not likely be allowed the record made by him in throwing the 56-pound hammer several months ago. M. J. Flynn, of the Star A. C., disputes Sheridan's claim to the record by openly accusing the latter of using a hammer in that competition which weighed only 55 pounds and 144 ounces instead of 56 pounds, the regulation weight.

Flynn has secured the hammer Sheridan used and has sent it to James E. Sullivan, Chairman of the A. A. U. Record Committee, with a letter informing Sullivan of the shortage of weight of the missile.

Flynn also claims that the handle is too long. The handle is peculiarly constructed. It is triangular in shape, and when in use at no point does it come within the regulation length of sixteen inches.

In shifting the handle about three different lengths are obtained, namely, 16 1/2, 17 1/2 and 18 1/2 inches, all exceeding the limit in the required length.

It is said that this is the same weight which has been used in other record performances this year. An investigation will be made, and, if true, all the other weight-throwers will be in a tight place, for the weight will not be allowed by the A. A. U.

Calhoun is only twenty years old, stands 5 feet 6 inches in his stockings, and, strange to relate, is a sailor who neither smokes, chews or drinks. He has unbounded faith in his ability as a fighter, and so has once crossed the ball-player, who will manage him.

There will be many golf matches played in this vicinity to-day. It will be the busiest Christmas golfers have here. Nearly all of the prominent clubs have completed arrangements for the holding of competitive events.

Some of the clubs' committees have announced that there will be no games played in case of snow. Others state the games will go on whether it snows or not.

At the Westchester Golf Club there will be a bogie handicap for a cup subscribed for by the members, and a good-sized field is promised. At the Yonk-tah Country Club an eighteen-hole medal play handicap is on, and another event for the members is also announced by the Dyker Meadow committee.

Without doubt the largest field will be the one which takes part in the open handicap over the links of the Golf Club of Lakewood. Gross and net score prizes will be presented.

Tiger Team to Practice Here. Princeton's hockey team is in New York and will practice for the trip to Pittsburgh, where games will be played with the Pittsburgh team, Princeton Intercollegiate League teams and Victoria Hockey Club. The following players will take the trip: L. B. Russell, R. McNamee, A. G. H. Smith, Lloyd, Larned, Patton, O'Brien and Rafferty.

RACQUET PLAYERS IN INTERCITY MATCHES. Series Will Be Held in Detroit Some Time Next Month.

An important series of racquet matches arranged are those between the Chicago A. A. and the New York Racquet and Tennis Club, which will be decided in Detroit next month. Harry Bookes, instructor of the Michigan Avenue Club, arranged the contents and will accompany the team.

Bookes is one of the oldest racquet players in the United States, and during his time has held several of the highest honors obtainable in the game. In Detroit he will meet Standing, of the New York club, in an individual match and also in doubles, each man taking an amateur from their respective cities as a partner.

Last year Standing visited Chicago and divided the honors with Bookes, each winning one of the two games played.

LEANDER AND WALTHOUR WILL RACE TO-DAY.

Two Pace Champions in Struggle on Atlanta Cycling Path.

ATLANTA, Dec. 25.—One of the largest crowds ever known is expected to see the motor paced race at the Atlanta Coliseum to-day. George Leander, winner of this year's New York six-day race, and Bobbie Walthour, last year's winner, will meet in a five-mile motor paced heat race.

Leander is the only pace follower who has defeated Walthour on his home track.

SIX-DAY RIDERS
WANT PERCENTAGE.

Cyclists Will Not Ride in New York Next Race if Demand Is Not Met.

When the time comes to arrange the next six-day bicycle race for New York the securing of entries will be no easy thing, if the cyclists have their way.

It has come to pass that the riders have grown wise, as it were. They saw the enormous crowds which frequented Madison Square Garden during the recent race and only received insignificant sums, they assert, for their efforts.

So it is that when the time draws near for the event the riders will have to be given a percentage of the gate receipts, or they will not ride.

George Leander, the winner of the last race, is authority for that statement. He says the bicycle riders have organized with that purpose in view. He said that the demand would have been made this year but for McFarland and Maya, who insisted on the race for purses.

Leander asserts that for getting the riders in the line McFarland received some remuneration.

According to Leander, \$88,000 was taken in at the six-day race in the Garden, and that the expenses covered only a sum near to \$35,000. After the race Leander was given \$750 as his share of the first prize, and after paying his expenses had only \$300, and the second team only \$200.

There will be many golf matches played in this vicinity to-day. It will be the busiest Christmas golfers have here. Nearly all of the prominent clubs have completed arrangements for the holding of competitive events.

Some of the clubs' committees have announced that there will be no games played in case of snow. Others state the games will go on whether it snows or not.
